UNIVERSITY INSTITUTE OF PHARMACEUTICAL SCIENCES

ABOUT THE INSTITUTE

The University Institute of Pharmaceutical Sciences (UIPS) was established almost 80 years ago in Lahore in 1944 and got re-located on the campus of Panjab University, Chandigarh in 1959. The Institute is one of the most prestigious academic organizations committed and catering to excellence in all the domains of pharmaceutical sciences. More than 4180 research papers, 290 Ph.Ds, 80 books, 75 patents granted, 45 published & filed, numerous national and international awards, and meritorious recognitions to the faculty are some of the notable accomplishments of the Institute. Remarkable discoveries of new drugs, molecules & patented products have seen the reality of industrial commercialization after their successful technology transfers. UIPS has successfully transferred various technologies and pharmaceutical products to various pharmaceutical industries. Three of the faculty members have been elected as National Presidents of the prestigious Indian Pharmaceutical Congress too. Three faculty members have received award from president of India for their outstanding contribution to science and technology. The alumni occupy the highest echelons in industry, research organizations and academia in India and abroad. Alumni's significant donations helped the institute to create several annual scholarship schemes to support meritorious and economically weaker students. Institute has very strong alumni network and scientific collaborations throughout the globe. Because of strong alumni connect and scientific/academic exposure to diverse domains for overall holistic development of young students, majority of students gets their job through institute placement cell.

In recognition to its contributions in research and teaching, the University Grants Commission (UGC) has accorded the highest level of status to the Institute as Centre of Advanced Study (CAS-II) in Pharmaceutical Sciences, the first university Institution in the country to be granted with this status. The UIPS has been the sole institute of the country that imparted training to more than 700 pharmacy professionals/teachers/ researchers in frontier and thrust domains of pharmaceutical sciences under UGC Networking Resource Centre (NRC) program.

The institute has recently received DST FIST grants (3rd time) with a tune of Rs. 1.18 crores for improvement of S&T infrastructure. UIPS Faculty have received approximately more than 1 Cr grant for their various research projects funded by various national governmental/industrial agencies in 2024-25.
